Beginners Dog

1. Hall's **Yungwood Dancing Bear**, - tpy heavyweight brindle, strong powerful head, correct mouth, good neck, shoulders & front, good bone, very well put together. A top class dog, with a little roadwork to tighten him up & some ring training, he should do well at the top level. **(RBD)**
2. O'Neil & Gillet's **Kenex Jazz Singer**, - white, good head, correct mouth, nice length of neck, correct shoulders, showed well.
3. Jones' **Scrumpy Jack**.

Puppy Dog

1. Smalley's **Briden Carbon Copy**, - flashy b/br, good head, correct mouth, mean expression, ears bang on top, nice length of neck, good shoulders, front & feet. Could perhaps use a little more bone, short back, moved well, showed & handled well. I've no doubt he will finish up a top class dog.
2. Sheehy's **Cwmdulais Gerallt**, - b/br, excellent head, but mouth is incorrect. Well made & moved OK.
3. Roberts' **Denshea Dark n' Sharp**.

Junior Dog

1. Staniforth's **Nevandee Naughty But Nice Credetta**, - quality white, very good head & expression, good length of neck, front could be tighter. Excellent powerful quarters he really used to drive on the move, showed & handled well.

Novice Dog

1. Jones' **Scrumpy Jack**, - b/br, good head & mouth, nice all round dog. Just needs a bit of ring training to get the best out of him.
2. Xavier's **Buster Xavier**, - solid red, reasonable head, correct mouth. Dips at withers & a little long cast, who could make more of himself.
3. O'Neil & Gillet's **Hallgarth Devil's Advocate With Khloander**.

Limit Dog

1. Fairhall's **Fieldhall Cheeky Chappie**, - balanced white, excellent head, strong with a good profile, correct mouth. His nose could have more pigment. Good neck & shoulders, gunbarrel front, tight feet, short back, well angulated quarters, showed & handled perfectly. He's not a big dog but is masculine & has quality stamped right through him. **(BD & BIS)**
2. Steel's **Charles Montgomery**, - well made white. Lacks a little head power, correct mouth.
3. Roberts' **Granack Desert Storm**.

Open Dog

1. Xavier's **Buster Xavier**.

Beginners Bitch

1. Forrester's **Messiar Quest For Glory**, - beautiful white bitch, very feminine quality head, correct mouth, good shoulders & front, short back, good topline. Needs to be ring trained to get the best out of her, but liked her a lot.
2. Connelly's **Lady Marble**, - white, nice head, correct mouth, well made.
3. Cserfalvi-Young's **Hamanos Come The Revolution**.

Puppy Bitch

1. Grant's **Gorgeous Eyes Of Granack**, - quality white, power packed head, good turn of profile, correct mouth, mean expression, lovely long neck, good front, well angulated quarters, showed well. Being a puppy of 8 months she's still a bit loose, but when she finishes she'll be top class. **(RBB & BP)**
2. Williams' **Terjos Little Miss Dynamite Of Hullabulloo**, - well balanced white, good head, correct mouth, meanest expression, if somewhat marred by her loss of ½ an ear, but no way does this detract from her overall quality & type. Showed well, just lost out to 1 on head power.
3. Payne's **Rose In June**.

1. Burley & Evans' **Mistlebrook Affray**, - white, very tpy, good quality head, nice bodylines, good solid all round bitch, showed well.

1. Jefferies' **Bulbrum Porcelain Queen**, - beautiful white, good feminine head, gentle curve in profile with fill through her muzzle, correct mouth, lovely reach of neck, good shoulder placement, correct front, feet could be tighter. Nice length of back, well angulated quarters, moved well, has bags of quality & type. **(BB)**
2. Grant's **Granack Afternoon Delight**, - good all round white, good head with fill, correct mouth. Not as strong in quarters as 1.
